

Accountant Partnership Program

TRANSNATIONAL™
PAYMENTS • TECHNOLOGY • TRUST

Merchants trust TransNational Payments to manage their payments in-store, online and anywhere their business takes them. We offer an industry-leading array of secure, innovative and integrated products and solutions that support the growth of our highly valued merchants and their businesses.

TransNational Payments: The Payment Processor Small Businesses Trust

For nearly two decades, TransNational Payments has helped hundreds of accountants with cost-effective payment processing solutions for both their firm and their clients. Frankly, running an accounting practice is challenging — you're faced with growing revenue, keeping customers happy (and tax compliant), while also staying ahead of your competition. TransNational Payments partners with accountants by offering a simple referral program to help further build trust with customers by leveraging our wide variety of payment processing services.

Convenience

You no longer need to ask your customers for reports, as we'll provide online access to your customer's merchant statements.

Helping You Win

Partnering with TransNational Payments ultimately allows us to cut our overhead, and as a result, we pass the savings to your customers. We'll help you build stronger relationships by saving your customers money on payment processing, while at the same time expanding the portfolio of services you offer.

Quick & Easy

Simply send us your client's recent merchant statement and we will handle the rest. Your account manager will send your client a pricing comparison, handle all paperwork as well as set up and installation, all while providing unmatched customer support.

Year-Round Revenue Stream

We understand the accounting calendar and want to help you grow a passive, monthly revenue stream. Partner with TransNational Payments and we'll pay you a monthly residual payment for each referred customer that enrolls.

Your Processing Needs

We understand sometimes the biggest challenge many accountants face is simply getting paid by customers. As a partner of TransNational Payments, you'll receive extensive discounts on your firm's processing needs.
